Professional Development Plan

Name: Kristy Mattingly      Major: Elem. Education      Date: April 7, 2001

KY Teacher Standard to be addressed: IX Demonstrates Implementation of Technology

1. **Personal growth need:**
   
   **My Strength:**
   - Using E-mail
   - Using the internet
   - Using word process programs

   **My Areas for Professional Growth:**
   - Calculating grades by spreadsheets
   - Creating role list and lesson plans on computer
   - Placing programs on all computers in my classroom for student use
   - Use power point presentations in my classroom

2. **My objectives:**
   
   By the end of this semester, I will be able:
   - Calculate grades by spreadsheet
   - Create role list on the computer and lesson plans
   - Create lesson plans including students use of computers and have programs ready and accessible
   - Knowledge of power point and use in classrooms

3. **Strategies (Actions) needed:**
   
   - I will practice on my computer for 2.5 hours each week.
   - I will ask for help from a computer lab instructor.
   - I will ask some of my friends who are good at computers to help me.
   - I will take workshops.

4. **Strategies for assessing progress (impact):**
   
   - My ability to work well with spreadsheets to calculate grades
   - Feedback from my friends
   - My ability to show my knowledge of power point

5. **My new area for professional development:**
   
   - Learning how to use various programs for word processing
