Professional Growth Plan

Name: Regenia House

Date: 9/29/01

My Strengths:

1. I am able to show flexibility and modify the activities depending on the situation.
2. I am caring and show respect to all students without being bias.
3. I provide activities and opportunities for the students to have hands on experiences to show what they have learned.
4. I ask open-ended questions such as; What do you think? This gives the students to tell their opinion without a right or wrong answer.

My Areas for Professional Growth: Proposes learning experiences that challenge, motivate and actively involve the learner.

1. I will do more observations in the classrooms to see how the material is being presented. I will take notes on the ideas that I like and plan to use in my classroom. I will also record the teacher I observed and the grades in which I can teach this lesson.
2. I would like to attend trainings on getting students with I.E.P.’s more involved in the classrooms. I would also like to attend trainings on presenting more appropriate lesson plans and ways to teach them. I would also like to attend trainings on using technology in the classroom, and using technology to develop activities for the classroom.
3. I would also like to be observed on my teaching, and presentation abilities to see what I can improve on.
## Plan For Professional Growth
