Professional Growth Plan

What are your strengths?

• I have knowledge of new technology available.
  o I am always looking for new technology and trying to stay well informed about what is available in the area of technology in today’s society.

• I have the ability to teach, and I work well with kids.

What area do you want to improve?

• I would like to improve my basic keyboarding skills.

• Knowledge of electricity and electronics is an area I would like to improve.

What are you going to do?

• I will practice my keyboarding skills.

• I plan to take some electricity and electronics classes.

• Attend professional development workshops.

• Read current magazines on newly developed technology and computer systems.

Assessments?

• Test keyboarding skills monthly.

• Check lab equipment each term to see if it is still up to date.

• Discuss technology with other technology teachers and compare programs.

• Compare students’ test scores with other schools.
